## High School Board Eyes More Plans

Members of the Antioch Township high school board of education will study what can be done about a new building or addition to the present structure and report at the next board session.

That about sums up the reaction of the group to the recent election that saw a proposed new building at the corner of Loon Lake and Deep Lake roads defeated by a 2-1 margin.

The school board meeting last Wednesday evening passed a resolution thanking the advisory council and all others who helped with preparing the proposal that was defeated.

Principal A. L. Dittman pointed out that the board must take some kind of action as present school facilities will be overcrowded in just a few years.

IT TAKES two years or so to prepare plans for a school addition or new building, have voters approve it, call for bids and construct the building, he said.

A letter was received by the board from the committee that opposed the recent referendum, offering to help the school group.

The board voted to up the pay for election judges and notaries in school elections from \$10 to \$15 per day.

It also approved the Homecoming program for another year, the same as it was this fall. The plan had been on a two year trial. Student council and faculty chairmen asked that it be continued.

School people pointed out that although there was a \$300 to \$400 drop in receipts by having the football game in the afternoon instead of the evening, there was more student participation in Homecoming.

A SALARY committee to work with a faculty group was named, consisting of Roger Prossie, Bill Brook and Dr. R. A. Ripley, all board members.

Sale of old high school band uniforms was approved with the idea of getting rid of them even if the price received might not be as high as would be preferred.

Carey Electric of Antioch was awarded the job of installing a unit heater in the high school shop area.

Board members emphasized that meetings of the group are open to anyone interested in attending whether they have something to propose or not. Sessions are held the third Wednesday evening of each month.

## Back Candidacy Of Rentschler For GOP Post

CHICAGO—Several Northwest Illinois residents are listed among those who are supporting William H. Rentschler as Republican candidate for the U. S. senate to run against Senator Douglas in 1960.

Signers of a letter sent out to newspapers this week said, in part: "We enthusiastically support Bill Rentschler. We have urged him to make the race and recently have addressed a letter to a number of Illinoisans, expressing our views in this regard."

"Bill Rentschler's achievements have been recognized by the Chicago Junior Association of Commerce and Industry which recently named him one of Chicago's 'Ten Outstanding Young Men of 1959' and which has nominated him for honors as one of the nation's ten outstanding young men."

"Republicans need a new face... new ideas... a sound, yet imaginative approach to the opportunities of the '60's. Bill Rentschler will provide this."

"He is vigorous, articulate and deeply dedicated to the cause of good government. As president of Stevens Candy Kitchens, Inc., he has achieved notable business success, yet has given much of his time to his community..."

"A former newspaperman, he is outspoken and courageous. He has expressed himself forcefully on today's important issues..."

## Eberman On Panel

GRAYSLAKE—"Chip" Eberman of Antioch Township high school was a member of a panel which participated in a reorganization meeting of the Northwest Suburban conference council held at Grayslake last Thursday.

## Bong Air Base Still Awaits Further Orders

BONG AFB—There was little change in the situation at Bong Air Force base this week as the army engineers and the air force personnel here awaited further word from the federal government as to what comes next.

Construction at the base has been stopped but no word had been received up to Wednesday morning as to what disposal will be made of the land which is still under federal jurisdiction.

Bong Air Force base has not been abandoned, Col. Charles E. Lancaster said last week.

Eleven air force men and 50 to 60 army engineer personnel are at work on the base now.

In addition contractors who had been doing various jobs in connection with constructing buildings, runways and the like are now putting back top soil in various spots.

One of these spots is near the runways but it was emphasized that the runways themselves are not being covered by top soil.

Apparently that is because it still is not definite as to what use the air base (or what ever it is called later) will be put.

The heating plant which is about 75 per cent complete will be boarded up with some equipment still inside, army engineers said this week.

The fuel tanks which would contain several thousands gallons each are nearly completed. What disposition will be made of them was not known as of Wednesday.

Late last week passersby on the road from Kansasville to the army engineers headquarters on the base noted grading equipment on the main road leading into the base.

This road also would have served the 900 homes that were planned to house families of base personnel.

Col. Lancaster has asked that would-be hunters not use the Bong base and that every effort is being made to discourage hunters from going on any part of the base.

Considerable trespassing, stealing and pilferage has been reported with tires and other parts being removed from vehicles, he stated.

A recent check by a representative of S. J. Groves & Son, Inc., checking construction equipment on the base found all engines running on equipment in one particular location.

"No hunting" and "no trespassing" signs have been posted along the entire base boundary and most roads entering the base have been barricaded to prevent trespassers from entering.

Roads left open are only for the convenience of those living near the base and the school bus and mail routes.

## Two Inches of Snow Fall Here on Monday

About two inches of snow fell in Antioch during the storm Monday with a moisture content of .19 of an inch, Roy I. Kufalk, local postmaster and cooperative weather observer, said.

This was an earlier snowfall than came last year but he was not sure how it compared with other years.

Snow fell here almost continuously all day with little or no letup.

The ground still being warm and not frozen prevented the snow from accumulating.

## Township Tax In '58 Lower Than in 1957

An increase in the valuation for Antioch township in 1958 over the year 1957 and a decrease in the town tax were reported this week by supervisor Lloyd Murrie.

He said that valuations increased \$4,079,082 in the year, or from \$32,419,354 in 1957 to \$37,098,436 last year.

The 1958 town tax of \$33,017.61 was a decrease of \$15,935.62 over the \$48,953.23 charged in 1957.

Only two other taxing bodies in the township showed decreases in 1958 over the previous 12 months, Murrie said.

They were school district no 24 which dropped from \$855.28 in 1957 to \$747.50 last year, and the dog tax which decreased \$242 or from \$326 to \$84 in the same period of time.

School district 34 and high school district 117 showed the largest increases money-wise with \$31,736.89 and \$65,214.92 respectively. Next highest was the county tax with a rise of \$22,984.79.

## Variety Show Slated Nov. 4

A variety show will be the highlight of the November meeting of the Antioch Township high school PTA to be held at 8 p. m. Wednesday, Nov. 4, in the school auditorium.

Members of the student body will present the show under direction of Kenneth Smouse.

This will be the only variety show given this year by the pupils. It will include singers, dancers and musicians. Admission will be free.

A brief business session that evening will allow more time for the program which will include 11 acts.

So come out and see the talent which will be displayed by students of Antioch high.

## Blaze Extinguished

Antioch firemen extinguished a blaze in the overheated furnace at the home of Valentine Schrimpf of Linden Lane, Channel Lake, Sunday afternoon, with damage being confined to the furnace.

Fire chief Edgar Simonsen said that although oil caught fire, the blaze did not spread to other parts of the building. It soon was quenched by Antioch firemen.

## Edmund Vos To Address Business Managers Meet

CLEVELAND, Ohio—Edmund F. Vos, president of the Antioch Lumber and Coal company in Antioch, has accepted an invitation to speak at a major business management meeting to be featured at the sixth annual Building Products exposition next month in Cleveland.

The program will cover labor-management relations as they affect the retail lumber and building material industry. Also participating in the session will be several other Illinoisans.

The Building Products exposition scheduled for Nov. 14-17, is the yearly convention and trade show of the National Retail Lumber Dealers association.

It is the largest and most comprehensive exposition of its kind and is the only national trade show staged and programmed for the particular interests of the lumber and building material dealer.

Unusual and complex in nature, it requires more than a year of advance planning.

Highlights of the 1959 Building Products exposition, in addition to its management meetings, will be exciting exhibits by the nation's leading manufacturers of building materials and equipment, and dramatic "action" programs which demonstrate the end-use of these products.

A nation-wide attendance of more than 10,000 is expected at the Cleveland exposition.

A veteran of 38 years' experience in the lumber and building materials industry, Vos has been associated with the Antioch Lumber and Coal company during his entire career.

In addition to the Antioch store, his firm operates the Lake Villa Lumber and Coal company.

Active in lumber industry groups for a number of years, Vos has served as a director of the Illinois Lumber and Material Dealers association which is an affiliate of the national organization.

Vos is a native of Burlington, Wis., where he attended school. With Mrs. Vos and their daughter, he now makes his home in Antioch.

## Children Seek Funds To Aid Those Abroad

Sunday school leaders and pupils of the Antioch Methodist church have been collecting this week for UNICEF (United Nations Children's Fund) instead of the usual "trick or treat" fun of Halloween.

Proceeds will go toward fighting disease and malnutrition among children of the world in more than 100 countries.

Collection boxes were given out at Sunday school last Sunday morning in grades 1 through 6. They will be returned Friday, Oct. 30, when the children meet in Wesley hall at 7:30 p.m.

Anyone wishing to contribute to this UNICEF fund and is not contacted by one of the children may do so through the pastor, Rev. Wallace Anderson.

## Seek Bids On Buses, Insurance

Bids will be sought on a 78-passenger bus and on two smaller buses under votes taken at the monthly meeting of the Antioch grade school board Tuesday evening.

This bus or these buses would cover Oakwood Knolls, among other points in this school district. Bids also will be asked on comprehensive, fire, wind and the like insurance for the grade schools.

In other action at the board session, attorney Ted Larson was given a two-year contract to be legal adviser to the district.

IT ALSO voted to pay \$35 of the expenses for John Jessup, speech correction teacher, to attend a convention in Cleveland, Ohio.

Laura Oftedahl was authorized to enroll in a partially seeing project sponsored by Waukegan school district 61. Miss Morin, in charge of the program will tutor Laura each Thursday afternoon.

The request by Mrs. Henry Cory of Oakwood Knolls that her son, Brian, be admitted to the kindergarten was denied by the board. The boy was born on Dec. 3 and the deadline for admittance has been set as Dec. 1.

The boy will be 5 years old on Dec. 3 of this year.

Installation of a shower cabinet in the boiler-room of the Oakland school was approved. This would be used by the janitor and men teachers.

It was pointed out that now none of the men has a place to shower after doing work that makes for a lot of dirt, or those who take part in physical education teaching.

Frank Feiler, who operates grade school bus, each morning will be paid \$3 for his bus trip. He already is on the payroll as a janitor.

PRINCIPAL CLIFTON Houghton of Oakland school was authorized to apply for a school bus driver's permit.

A request to purchase some science equipment, desks and visual aid equipment for the grade schools was modified a bit, with the idea of eliminating some unnecessary items.

Principal Richard Whitacre announced that the in-town grade school had entered a basketball league with five other schools of a similar enrollment in this area.

Each team will play the other five on a home and home basis, with eighth grade boys taking part.

Intra-mural basketball will continue at the in-town school, while Oakland grade school will compete with small schools such as Channel Lake, Emmons and St. Peter's.

## Men Install Sprinklers

Work was in progress at Antioch Township high school this week on installation of a sprinkler system in the building.

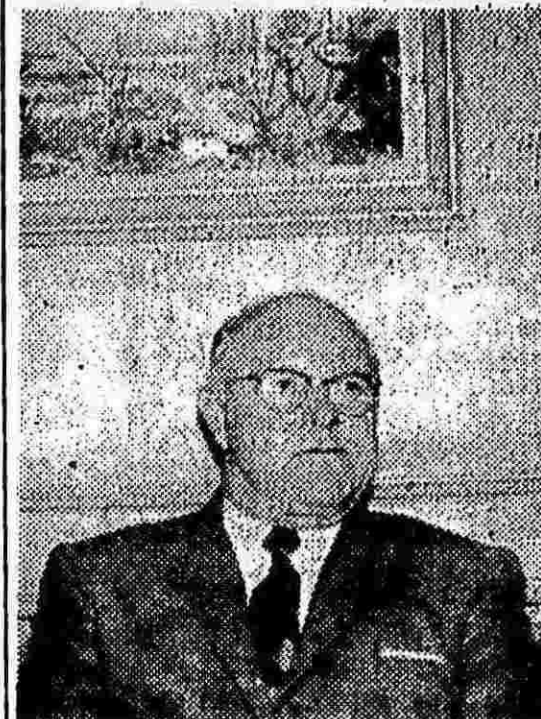

Pipes of sizes varying from 4 inches to 1 inch in diameter will be installed throughout the building at the request of the Illinois fire marshal's office.

Sprinkler heads will be installed in these pipes in the basement and on the first and second floors.

A six-inch main was installed from Main St. to the building several months ago to supply the sprinkler system.

Two men were at work on the project this week and it was expected by school officials that five months would be required to complete the job.

Workmen started on the project last week.

## Savings & Loan Group Organized

GRAYSLAKE—A state charter has been received by a corporation known as the Lake County Savings and Loan association and a one-story modern building to house the firm will be built in Grayslake.

That was announced this week by organizers of the company, including Arthur W. Seckatz of Lake Villa, executive vice president and treasurer of the association.

The association will have a starting capital of \$100,000 and surplus of \$20,000, all fully subscribed.

Modern building including a drive-in window, landscaped courtyard and lawn will be constructed.

Other organizers are attorney Joseph N. Sikes, president and chairman of the board; John Rule, vice chairman of the board and first vice president, and George Rockenbach, secretary.

(A group of Antioch men said this week they are still awaiting issuance of a charter for a similar association in Antioch.)

## Local Teenagers Hurt

WAUKEGAN—Three Antioch teenagers were treated at Jane Dowst Emergency hospital after their car and a parked vehicle collided in Waukegan last Saturday night.

Harry E. Nelson, 15, driver of the auto, received a bloody nose and a bruised right knee; Barbara Curwood, 17, suffered a nose injury, and Mary Lou Geist, 18, a chipped front tooth.

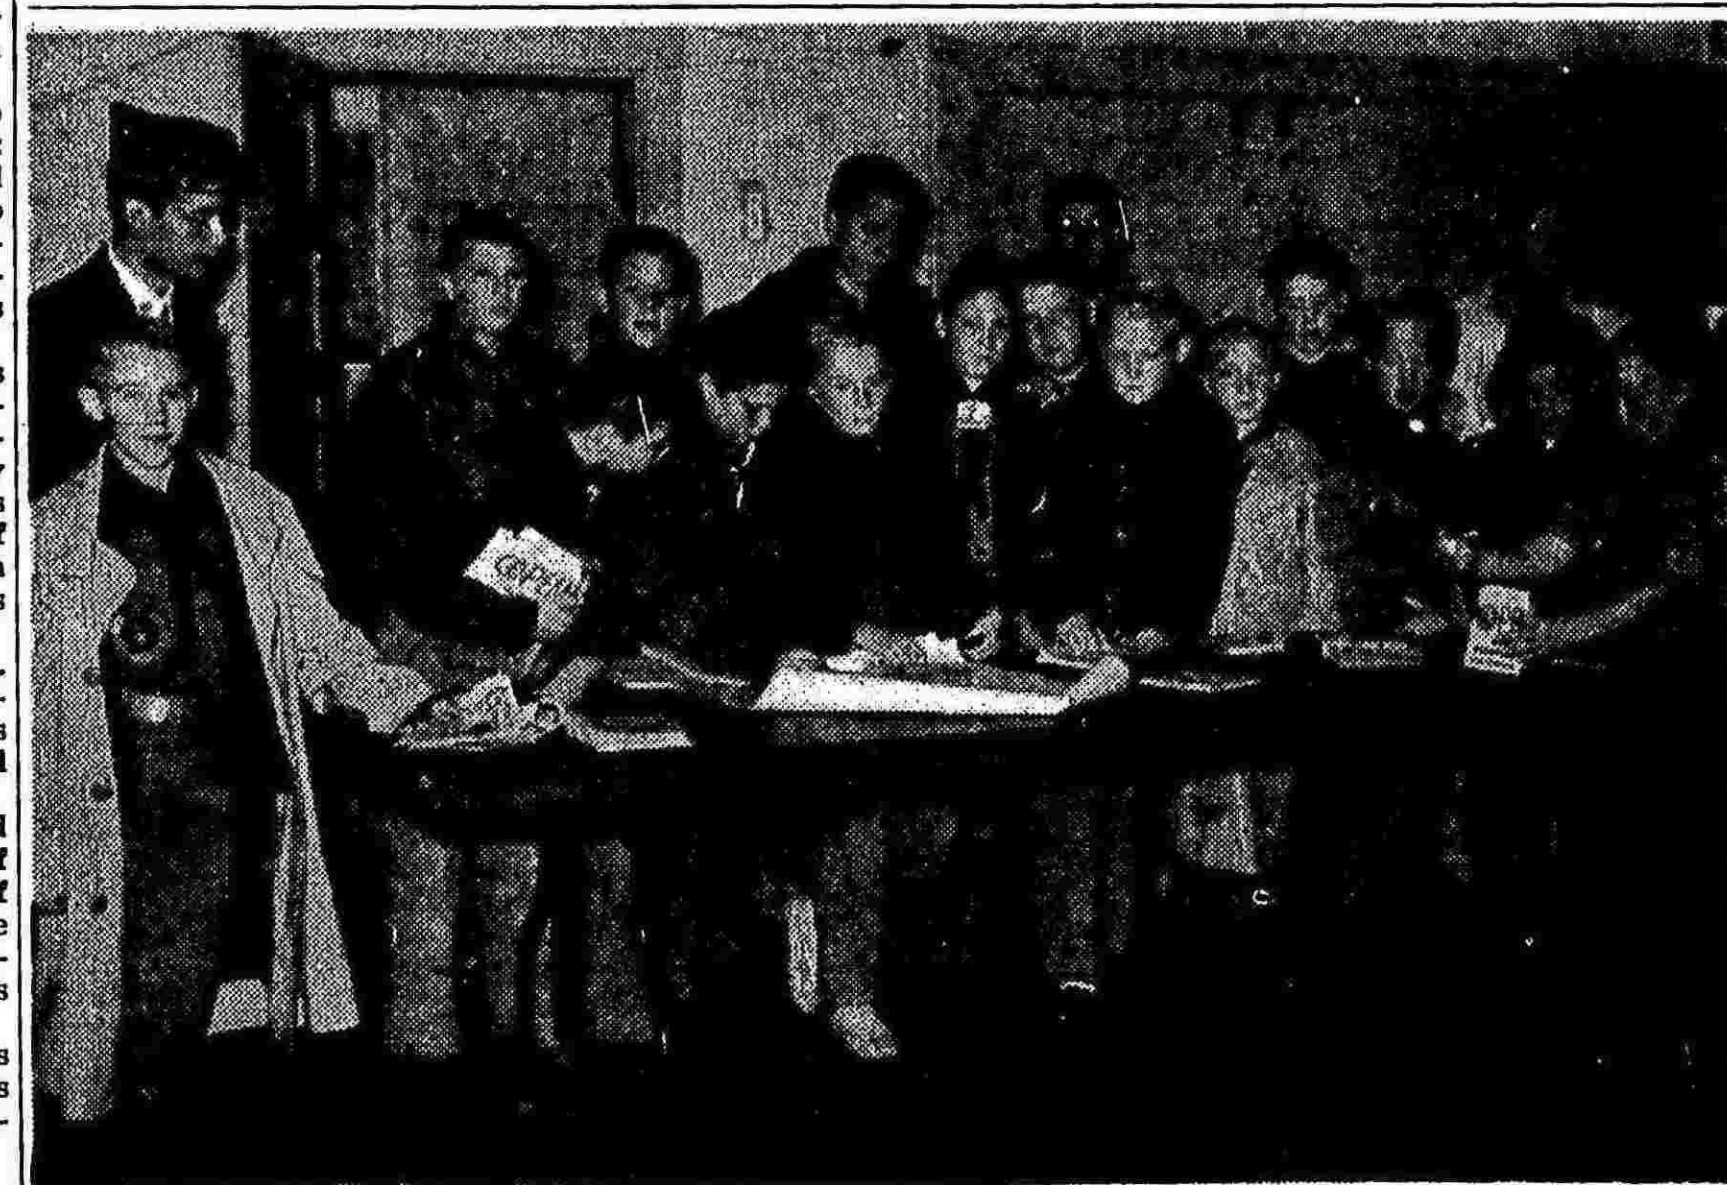

Nelson was charged with negligent driving. Cecil Sherman of Waukegan, owner of the parked vehicle, was charged with parking without lights.

## Area Teachers Meet At Antioch School

## DEAR READER News Editorials

### "I Am The Public Treasury"

There is a saying that has gone down through the years from time back further than we can remember that goes something like this:

"History Repeats Itself."

With the publication this week in the Antioch News of the 1958 assessment rolls, we are reminded somewhat of an editorial that appeared in these columns on Nov. 8, 1935 when money being spent locally, statewide and nationally did not even approach what is being put out today.

But yet we think the words printed almost 24 years ago apply to conditions today as they did then, if not more so.

I am the public treasury.

I must be kept under constant guard against looters and despoilers.

As never before I have been converted into a ponderous feed trough.

A veritable deluge is being poured into me, only to be seized upon and snatched up by a growing army of jostling, grasping, contending humanity.

The more I give, the louder they cry for MORE.

The FAT as well as the LEAN have deserted their own boards to feed their fill out of my generous hold.

There seems to be no end to their capacity.

Their hunger is never appeased.

They give no thought that there might come a day when the food stream that feeds them may dwindle to a mere trickle.

Experience has taught me that that will, and must come.

Already I see signs of shrinkage in the flow.

Will they be satisfied with less and less?

Will they be willing to return to their accustomed haunts and provide once more for their own means of support?

Or will they storm the fount, only to find it dry?

Who, then, will be able to stay the furies?

What then will become of me?

If I am destroyed, what is there to replace me?

It is I speaking - the public treasury. (From the Nov. 8, 1935 issue of the Antioch News).

### Favoring High School Journalism

Antioch Township High School has recently taken its place among many schools in the country recognizing the importance of newspapers in the educational system. This year the Tom Tom made its appearance as an independent publication and it is doing rather well. After two issues it is beginning to be looked forward to by the student body. That is in itself a good indication that this effort is filling a long felt need for individual and collective expression.

At a recent meeting in Minneapolis, Gretchen Kemp, associate professor of journalism at Indiana University expressed in no uncertain terms that journalism should be given its rightful place in High School.

Miss Kemp's attitude corresponds with the thoughts of Robert E. Trea, of the Pennsylvania Newspaper Publishers' Association - "America's Newspapers Are Freedom's Textbooks and Weapons," and that of Dr. Irby Carruth, supt. of schools at Austin, Texas, who lauds the use of newspapers in daily classroom work.

These tie-ins are not obscure cases but quoted at random from articles in Publisher's Auxiliary, the national trade weekly of publishers and printers from coast to coast. They as well as we see a definite trend toward the proper presentation of journalism as a subject in high school. There is a definite field for workers in newspapers and printing shops all over this land. When taught correctly at home many young people could be fitted for the beginning of a career that is needed and what is more for a place in local commerce and society.

Many pages could be written on the merits of this subject, "Journalism in high school." Let us conclude by saying only that the local principal and his staff as well as the board of education has in our opinion taken the right step in furthering interest in journalism by making the Tom Tom on its own as a representative of the school in print.

It is our suggestion that the people and the merchants co-operate with the student staff who are trying so hard to make TOM TOM a success.

## "Antioch High Chatter"

By Marie Jasien  
Antioch High Reporter

Now that the first six weeks are over everything is settling back to normal.

The tests are all over (all A's, of course), all book reports, themes, and what have you are all just a memory, but not a pleasant one.

But now is the time to start on this six-weeks work. Don't let it all pile up until there's only a week left, and one hundred things to do. It hardly seems possible that it has been six weeks since we started school, but it's nice it's going fast, yet that seems so callous.

School really is a lot of fun, and although the kids rant and rave about having to go every day they really like it, and would be lost without it.

Work has really been going along at a fast clip on the Sequoia staff. The editors are working hard to make this year's the biggest and the best.

Last year's Annual came out late in June, and we were out of school in May. Everyone was disappointed, and that isn't going to happen this year.

Last year the Sophomore and Junior pictures used in the yearbook were over a year old, and they weren't appreciated by these students.

After all, who would want to be represented in their high school annual by a picture that was so old.

People change, especially when they're in high school, and a picture taken one year is completely outdated the next.

Very few, if any of the kids really like their pictures anyway.

A lot of kids are wondering if they are going to have i. d. cards made this year with their pictures on them. It's a good question, but no one seems to know the answer.

Bob Martin, senior, was hurt during the Round Lake game. Here's wishing a speedy recovery to Bob from every little Sequoia.

It's too bad we had to lose to Round Lake, and in the last 40 seconds of the game at that. It was really a heart-breaker, and a hard game to lose.

But that's not going to lessen the school spirit. The Fighting Sequoias are going to slaughter Elavernon this Saturday afternoon.

As some of the students may have noticed, we have a centerpiece displayed every week in the north end of the cafeteria. This clever, eye-catching display is given to the school by Floral Acres. Thanks for the thoughtfulness.

Last week's display had a clever idea. Each of the football games Antioch has played and will play were represented by a card, braced against a mushroom.

There was a "deepest sympathy" card for the Warren-Antioch game, which was quite ingenious.

A lot of the kids notice the displays in the new part of the school outside the room that is commonly called the "shorthand" room. At first a lot of them believed them to be for the purpose of advertising, done by the merchants of Antioch, but further investigation proves this theory wrong.

These displays are set up by the salesmanship classes. The individual student must go to the dealer and ask his permission, and then plan his display.

He picks up all material needed at the merchant's place of business, and proceeds to build his masterpiece. The show window makes the hall seem more friendly.

The all-school talent show is being presented early this year. On November 2 it will be given twice to the students, once to the upper-classmen and once to the under-classmen.

On November 4 it will be given also to PTA members at a meeting open to anyone wanting to attend.

The all-school talent show is something newly added to ATHS. Until last year there were four separate shows, one by each of the classes, and then the best of all four shows was presented in one big show to the public.

Now all shows are combined in the first place and this eliminates a lot of wasted time, much to the disappointment of the students.

Kenneth Smouse will have charge of this show, and a student committee of Norma Brown, Dan Conrad, Harriet Wells, Karen Lightsey, will assist him.

## Channel Lake School Honor Roll List Includes 31 Boys and Girls

By Mrs. Pearl Kapell  
Channel Lake Correspondent  
CHANNEL LAKE—Children of the Channel Lake school on the honor roll for this six weeks period are: Richard Davis, Roger Eberman, Ted Gessler, Nancy Lindblad, Edward Matejka, Janice Serzhon, Mary Dahlman, Norma Helmbrodt, Jesse Inman, Sharon Zerr, Fred Wittleder, Pat Serzhon, Karen Roberts, Joe Andriola, Charlotte Bolton, Brenda Camerer.

Susan Davis, John Bjork, Jean Kalth, Wendy Eberman, Margie Peters, Connie Willis, Janice Lindblad, Michael Geiger, Patricia Burnett, Mary Luloff, Randy Roberts, Gary Gessler, Tim Willett, Karen Voskuil and Michael Sobey.

The honor roll was considerably cut down when the ruling was made that no child could be on the honor roll who received a grade lower than "B" in deportment.

Several children from this area made their first communion at St. Peter's church Sunday. Among them were Joelyn Rosinski, Susan and Deborah Hessian, Michael Dowell, Randy Zeien, Theresa Ring, Brian McCarthy and Kenneth Knacksted.

Frank Foulis has returned home from Victory Memorial hospital.

John Kania, who underwent brain surgery at St. Joseph's hospital in Chicago, has been returned to St. Therese hospital for further hospitalization.

Jim Worswick and Jim Greenlee left Oct. 23 for a deer-hunting trip in Canada.

Marie Hucker was hostess at a plastic party in her home on Oct. 21. After the demonstration, lunch was served to the guests, and the afternoon was spent in playing bridge and pinocle.

Among those attending were Ruth Worswick, Erna Fridell, June Ivy, Mary Chase, Dorothy Chase, Ann Bartley, Beverly Bain, Theresa Baumann, Agnes Pyles, Rene Dahlman, Lillian Flurke, Evelyn Kunze and Vera Donald.

Mr. and Mrs. Harry Dowell spent Oct. 24 and 25 in Chicago, visiting at the home of Mrs. Grace Reinchenberger.

Carol McGlynn attended Homecoming at Whitewater college on Oct. 24.

Lois Dowell was hostess at a Key party in her home on Oct. 21. About 12 guests were present. After the party refreshments were served.

Mr. and Mrs. Donald Marcusson are parents of a boy, born Oct. 21 in Victory Memorial hospital. Randy Lee weighed in at 6 pounds, 14 ounces.

Mrs. Carl Doty was guest of honor at a luncheon at the Charcoal house on Oct. 21, held by the birthday club of Felter's Subdivision. Sixteen ladies were served lunch.

"Chip" Eberman attended the Homecoming dance at Proviso high school Oct. 17. He renewed acquaintances there with a couple of boys he had met at Boys' State.

John Eckert expects to be hospitalized for about another week. Everyone wishes him a speedy recovery.

He reports that he has received some thoughtful gifts from his Cub Scouts, made by the boys. Den 1 presented him with three neckerchief slides, and a wooden holder to serve as a rack for the slides.

Den 2 presented him with a small

vase of flowers, a trinket box and a tie rack.

Den 3 gave him a large loose-leaf note book for his records, which the boys made by purchasing two regular books, cutting off one cover from each, gluing two covers back together, and covering the enlarged book with leather, with his name on it.

He wants to thank all the boys for their thoughtfulness.

Congratulations to Kenneth Van Patten, Sr. on his birthday on Oct. 19, and to Beverly Roberts on her birthday Oct. 21.

Ray and Agnes Van Patten celebrated their 23rd anniversary on Oct. 20.

Hank Kubicki's Rhythm Kings played for the Halloween dance held Oct. 24 at the American Legion hall.

Lance Trussell entertained a number of his little friends at a birthday party in his home on Oct. 23. Cake, ice cream and candy were served, games played and prizes and favors given to the children.

The Boy Scouts started their financial drive on Oct. 25. Committeemen from the area will be going from door to door for one week, soliciting funds for the support of Boy Scout activities. This money goes, not to the local troop, but to the executive council, to finance numerous Scout projects.

Who needs all those high powered rifles to go deer-hunting? Not Bill Chase! Bill brought home a fine young doe from his trip to Portage, Wis., last week. And he downed it with a bow-and-arrow. A veritable modern Robin Hood!

I'd like to remind Bill that Robin Hood was also a firm believer in the share-the-wealth program. Tom Potter and Tom Runyard were also on the trip, but the trip was all they got.

Tim Hucker entered Zion hospital with pneumonia and pleurisy on Oct. 25.

Ralph Dowell, Jr., is a pneumonia patient in St. Therese hospital.

Mrs. Norman Behling was guest of honor at a baby shower given by Pat Harland at Rene Dahlman's home on the evening of Oct. 23. Guests were Lucile Eberman, Helen Zeien, Jackie Zerr, Phyllis Bucar and Mickey Behling.

"Chip" Eberman represented Antioch at the student council meeting at Grayslake on Oct. 24.

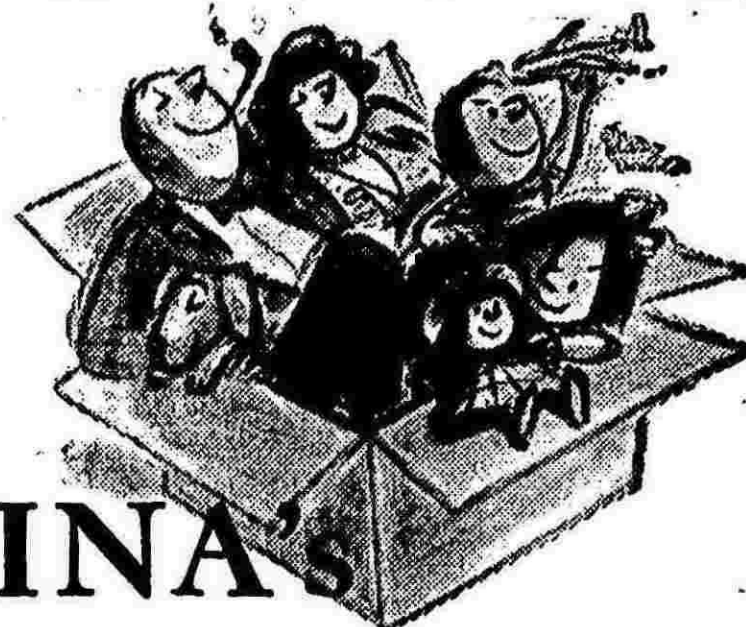

Joe Zeien and Dan Runyard had 12-hour weekend leaves from Great Lakes last weekend, and visited their families and many of their friends in the neighborhood.

The moon may inspire romance, but it's no place for a honeymoon. The temperature climbs to 212° F, hot enough to boil water—during the day, and drops to 240° F below zero at night.

## Irving Veltums of Channel Lake Mark 40th Wedding Anniversary

By Mrs. Pearl Kapell  
CHANNEL LAKE—Mr. and Mrs. Irving Veltum celebrated their 40th wedding anniversary a day early, on Oct. 11, at the home of their son, Ervin, in Elmhurst.

Forty of their close friends and relatives gathered to congratulate the couple. The evening was spent in dancing and singing the "old songs."

A quartet to which Mr. Veltum used to belong led in the singing. The quartet was composed of Mr. Veltum, his son, Ervin, Louis Behm, and Walter Platzke.

A buffet supper was served to

the guests. The centerpiece was made up of 40 white carnations, presented by Mr. Veltum to his "bride."

A wedding cake, made up of different colored layers, but covered with white frosting, was another feature of the supper table.

The Veltums were married in Chicago. They have been residents of Channel Lake for 12 years.

Mr. Veltum served for several years as president of the Woodcrest Subdivision association. They have two sons, Ervin, of Elmhurst, and Vernon, of Cary, Ill., and four grandchildren.

## Topics for Today's Women

### Talk On Herbs Given at Club

Mrs. Bruce Mackey of Libertyville graciously substituted for Mrs. Albert D. Farwell of Lake Forest at the meeting of the Antioch Garden club Monday afternoon at the Fred Oschmann home.

Mrs. Mackey's interesting talk on herbs was enjoyed very much by the ladies.

She told about herbs that grow in this climate, how they are used in the flavoring of foods, how wonderful they are for flower arrangements and the lasting fragrance they have for use in bags placed in closets.

The ladies also found it interesting to learn what "Tussie Mussies" were. The swains of years ago made up "love letters" of sprigs from three different kinds of herbs.

Each herb had a meaning of its own and his message of love was conveyed by his choice of herbs.

Refreshments were served by Mrs. Fred Oschmann, assisted by her co-hostess, Mrs. Jessie Thompson.

### Shady Nook Pair Enjoy Long Trip

Mr. and Mrs. Peter Zalatoris of Shady Nook have just returned from Santa Monica, Calif., after flying there on the new 707 Jet flagship of American Airlines.

The trip took 3 hours and 35 minutes non-stop from O'Hare field.

Enjoying the nice warm weather there with the temperature of 85-92-94 and returning to Antioch certainly was a change. They visited Disneyland, Marineland, Farmers' market, Knott's Berry farm, seeing homes of many movie stars and swimming in the Pacific ocean.

Flying on the same plane was Rock Hudson, whose autograph was obtained by Mrs. Zalatoris.

They spent two days in Phoenix, Ariz., returning home in 7 hours on the American Electra to land at Midway airport.

William Zalatoris, son of Mr. and Mrs. P. Zalatoris, is a pilot with American Airlines and accompanied his parents with his son Ricky, age 5. This was the boy's second trip to Disneyland.

Her love of people, her awareness and her past training enabled her to see, hear, love, understand and record her fascinating contact with the people she knew in India.

She wears a handsome Indian sari, and has spoken for hundreds of groups, appealing to all ages.

## OVERVIEW of Education

... THE AMAZING GROWTH of education is pointed up in a recent survey report that as many people were enrolled in educational courses last year as comprised the entire population of the United States during World War II. Over 100 million men, women and children were engaged in a formal quest for knowledge during the year.

the chances that you, the reader, attended a class in 1958 is better than two to one. THERE ARE ACTUALLY more adults pursuing academic studies now than the total of all elementary school children, high school youths and college students in our country—seems like Mom and Dad need a place to do homework, too ... SOME FUTURE TRENDS IN EDUCATION: Business and industry to increase and broaden their already vast programs of education in the next 25 years; experimental research to be stepped up greatly during the '60's; use of automation in schools and colleges to be intensified; the centralized kitchen to come into greater use in all school systems (efficiency and economy will be the chief reasons for its acceptance); television to find a definite place in educational usage during the next decade ... THE ENROLLMENT EXPLOSION ahead in schools is underlined by the U.S.'s fast-increasing growth population—with a growth rate greater than that of India ... STATISTICAL BREAKDOWN of adult participation in academic and vocational studies reveals 48 million persons studying in

formal groups, four and one-half million in self-study courses, and five million adults engaged in business and industry courses. CONTRIBUTING FACTORS to the current mass stampede for knowledge are the result of 1) technological developments, 2) changing world conditions, 3) expanding populations, and 4) changes in American taste (e.g., cultural standards in the U.S. are rising for all social and income groups due to increased income, broadened educational opportunities, taste-elevating advertising and our customary striving for self-betterment) ... SHORT-AGE OF QUALIFIED LINGUISTS among foreign language teachers has caused educators to seek electronic substitutes. Portable electronic gear shows particular promise in teaching reading; experiments have proved that controlled reader devices have been effective in boosting the reading speed and comprehension of average or slightly above-average readers—but it might be harmful to originally rapid readers ...

## New Officers Are Elected

The Petite Lake Gardens Property Owners' association, a voluntary group of residents and property owners of Lakes Center subdivisions One and Two, held the first special meeting of members on Oct. 18, at the Grass Lake school.

Purpose of the meeting was to accept the initial by-laws and amendments adopted by the first board of directors and to elect officers of the association.

The first board of directors consisting of the original five members Louis J. Kent, Rudolph H. Brausam, Reino A. Lystila, Teofil Piskorz and Harry A. Hildebrand, were unanimously elected to official terms as set forth in the by-laws.

In the nomination and election held for the officers of the association, Piskorz was elected president, Brausam as vice president and social director; Lystila as recording secretary, Kent as social director, and Anton Fischer as treasurer.

As required by the by-laws an audit committee consisting of Sophie Scholtz, Earl Nelson and Marie Alex was elected.

The primary purpose of the association is to promote the mutual co-operation of property owners within this area to equally provide for the funds and effort in the repair and maintenance of the streets and roads which have come into a deplorable and hazardous condition through years of neglect, officers said.

The association as a whole was pleasantly surprised at the sincere interest taken by a number of property owners of this area and non-members who took their time to attend this meeting.

## Spring Grove Priest To Be Honored Soon

Rev. John L. Daleiden  
SPRING GROVE—On Saturday, Nov. 14, McHenry council Knights of Columbus is holding a testimonial dinner for their chaplain, Rev. Father John L. Daleiden of St. Peter's parish in Spring Grove.

According to Arnold N. May of Richmond, grand knight for the past two years, Father Daleiden has been chaplain for a number of Grand Knights a total of ten years.

Father Daleiden has been a Knight of Columbus as an active and interested member for over 25 years.

He has been chaplain for the following grand knights of the McHenry council: John A. Bolger 1937-39; Edward J. Frett 1949-50; William C. Foley 1952-53; Leroy J. Welter 1954-56; Arthur R. Nelson 1956-58; Arnold N. May 1958-60.

In addition to his duties as chaplain of McHenry council, he was also the faithful friar for the Bishop Boylan assembly, 4th Degree Knights of Columbus.

Father Daleiden was born May 19, 1896. On April 23, 1925, he was ordained in Rockford by his excellency, the Most Rev. Peter J. Muldoon, bishop of Rockford.

He served consecutively as assistant pastor for one year at St. John the Baptist, Savannah; St. Joseph's, Freeport; and for two years at St. Anthony de Padua, Rockford; and as Chaplain of the "Poor Clares".

In 1929, he received his fourth assignment as pastor of St. Mary's, Elizabeth, Ill.

Four years later, on July 25, 1933, he was transferred to St. Peter's in Spring Grove, where he is now serving as pastor for his 27th year.

Tickets for this event are being sold by members of the McHenry council, Knights of Columbus, and the public is invited to the dinner, which will be held at the Wing 'N' Fin club in McHenry.

Family style chicken dinner will be served, with dancing afterwards.

## Board Policies Are Discussed

CHANNEL LAKE—The school board of Channel Lake school met on Oct. 20, and in addition to regular business, discussed several matters of board policy.

The meeting was attended by W. C. Petty, who advised the board on several matters of school law and general practice.

The board discussed the matter of sending literature of a political nature home with the children.

A motion was passed resolving that in the future, any such literature should be considered at a board meeting and approved or disapproved by vote.

Purchase of basketballs and volleyball for the use of the girls' gym activities was approved. Petty advised the board that any personnel hired by the board to supervise gym activities of school children must be legally qualified teachers.

The question of the proper handling of the student activities fund was brought before the board.

Petty said that, merely as his personal opinion, he felt such funds should be kept to a minimum, because of the nuisance of handling them and the fact that any major purchases should be made by the board.

He pointed out that if all school activities—such as movies, student pictures, etc.—were furnished to the students at cost, the fund would be kept small enough to keep book-keeping to a minimum.

In the past, profits from numerous school activities have brought this fund as high as \$200. Proceeds from the fund were used recently to purchase a tape recorder.

## Lively Meeting Is Held by PTA At Channel Lake

By Mrs. Pearl Kapell

CHANNEL LAKE—A lively and entertaining meeting of the PTA was attended by about 50 people at the Channel Lake school Oct. 21.

Minutes of the previous meeting were read by Secretary Lucile Eberman. President Kay Lasco and membership chairman Mary Bierman reported on their attendance at PTA workshop at the Highland school in Libertyville on Monday evenings.

Mrs. Lasco asked that anyone interested in attending workshop meetings get in touch with her and she would provide transportation.

Mrs. Bierman reported that the PTA now has 47 members.

Rene Dahlman, chairman of the ways and means committee, said that a card party will be held at the school on the evening of Nov. 14. Anyone desiring tickets can contact any officer of the PTA.

Room mothers for Mrs. Amendola's room had decorated her room for Halloween and the room was open for public inspection.

A skit was presented by the children of Mrs. Jungman's room. The children impersonated great men of history, giving detail of their lives, for the audience to guess who they were. Narrator was Norma Heimbrodt.

Children taking part were Ronald Holstrom, Paul Lindblad, Gregory MacBain, John Patterson, Calvin Trussell, Kenneth Buell, Carolyn Lasco, Marjorie Bartley, Dean Dowell, Leon Smith, Paul Kaleth and Dennis Heimbrodt.

Mrs. Eloise Wittleder, program chairman, announced that an impromptu skit would be presented, by ladies picked at random from the audience.

She asked Helen Dowell, Grace Amendola and Eileen McBain to take the stage and present a script she gave them.

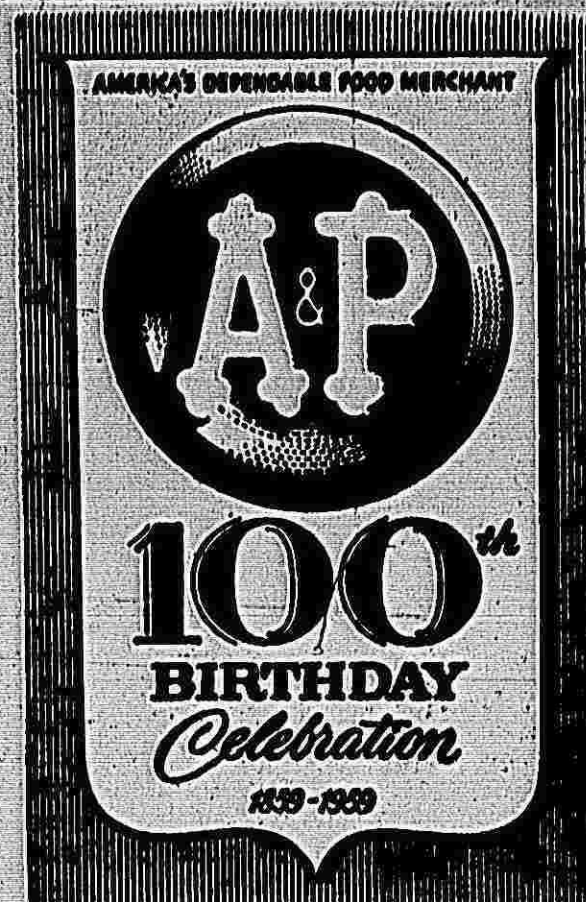

The skit was a burlesque of a group of PTA officers, holding a meeting. The "girls" were presented as being very lacking in efficiency, poise and arithmetical ability.

The audience was delighted, and the ladies handled their parts very well, though at times they were overcome by the script which they had not previously seen.

Refreshments were served at the close of the meeting by room mothers from Mr. Behling's room—Betty Birr, Betty Matejka, Sue Kubicki and Ellen Stankus.

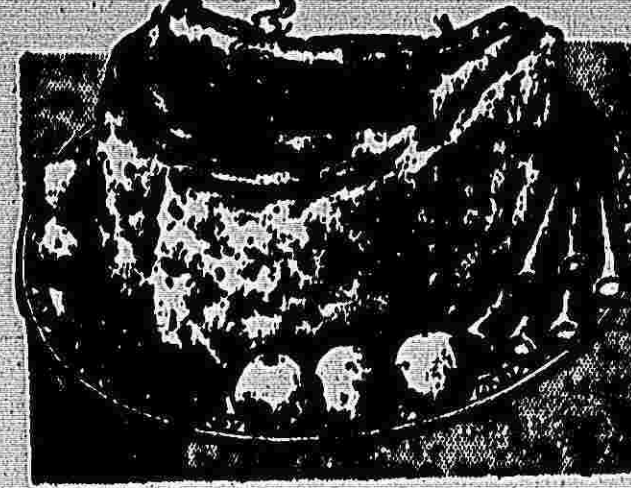

Mrs. Wittleder announced that the November meeting of the PTA will be a demonstration of Christmas decorations and gift wrapping.

Mrs. Amendola's room received the prize for having the most parents present at the meeting.

# Sequoits to Play Here Saturday

## Local Team Tops Ela-Vernon Boys By 27-0 Score

Antioch Township high school will be hosts to their foes in the rest of the 1959 gridiron season slate, meeting Grayslake here this week Friday and Wauconda on the local field Nov. 7. Both games are booked for 8:30 p.m.

The Sequoits romped over the Ela-Vernon Bears last weekend to the tune of 27-0 with long-range plays bringing about three of the touchdowns.

Dick Wolf behind some smart blocking sprinted 70 yards to an Antioch touchdown on the opening kickoff of the game.

Not long afterward in the same first quarter, the Sequoits recovered an Ela-Vernon punt on the home team's 46 and on the first play from scrimmage Wolf once again got loose.

—This time he raced to the home team's 1 yard line and from there Jack Thompson punched over for the score. Don Pyles passed to Dick Gudgeon for the extra point. Pyles had converted on the first try by an end run.

A 95-yard pass play from Wolf to Chip Eberman in the third quarter tallied once again for the Sequoits. Eberman ran most of the distance after taking a short pass in the flat.

Antioch's final tie came in the fourth period when Pyles after taking a pitchout from Gudgeon romped 70 yards to pay dirt.

The home team had somewhat the better of the argument in first downs and in net yardage gained but the Sequoits led in most other departments, including the final score.

Antioch shone in the aerial department, completing seven tries out of 21 attempts for 142 yards. The Bears could make but 41 yards in seven completions out of 14 attempts.

The Bears were stopped on the Antioch 5-yard line in the opening period and again on the Sequoits' 14 in the third quarter. Eberman intercepted a pass to end the latter rally.

## Frosh Win 4th Game Of Season by 13-0

The Antioch Township high school freshman football team downed Ela-Vernon 13-0 for their fourth victory of the 1959 season last weekend.

In the first quarter Ehrhardt ran 25 yards for the first Antioch touchdown and Fitch passed to Fowles for the extra point.

Antioch didn't score again until the fourth quarter when Van Rooyen ran 15 yards around end for the second touchdown. The try for the extra point failed.

Ela-Vernon threatened only once when it reached the Antioch 10-yard line but the Antioch defense stiffened and held them.

## Salem High To End Season At Pewaukee Friday Night

SALEM, Wis. — Salem Central high school's defense was badly upset after an early score by the Falcons and finally Salem lost a South-eastern conference game to Walworth-Big Foot 27-7 last Friday evening at Walworth.

Salem will close its 1959 gridiron season by playing Pewaukee at Pewaukee Friday evening, Oct. 30.

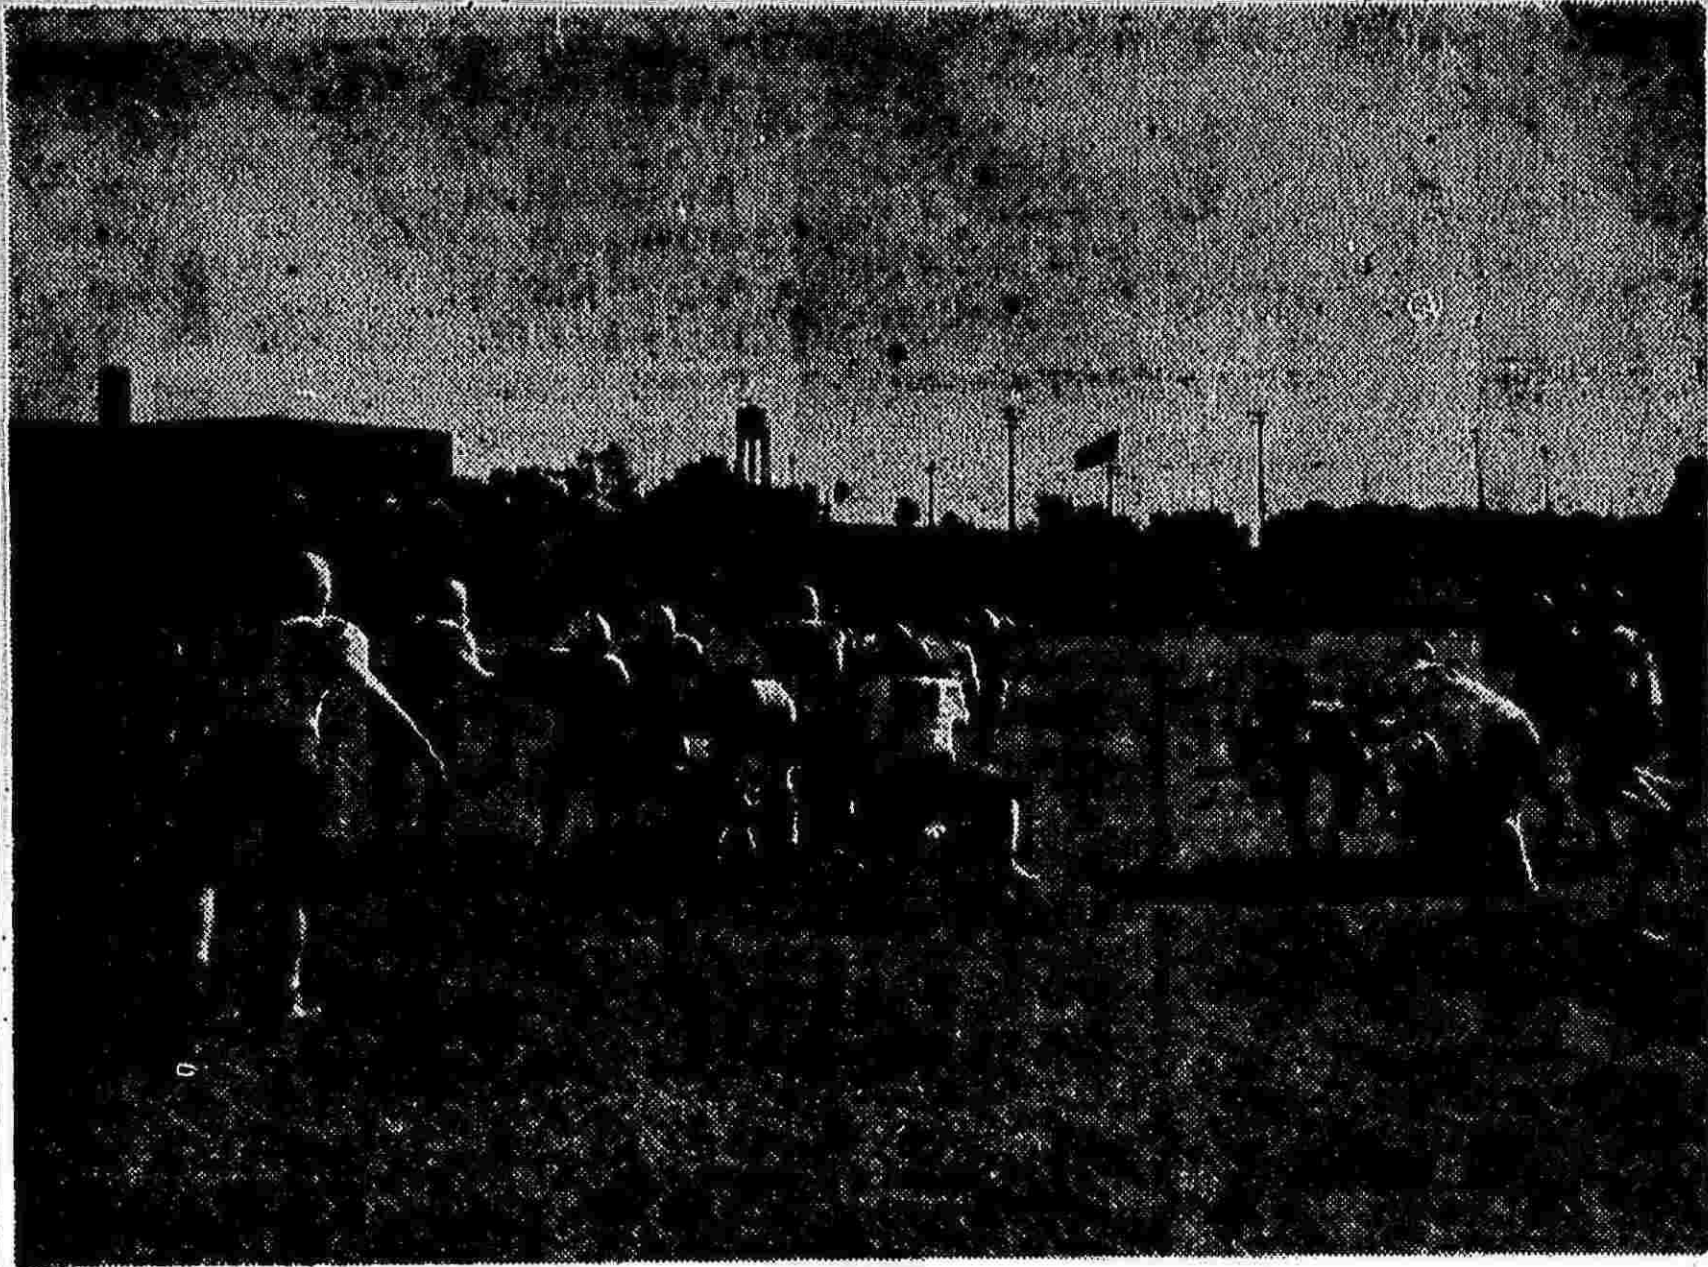

Central opened the scoring of the game midway in the first quarter, when junior fullback Jeff Grumbeck marched 63 yards to the Walworth 3 yard line, only to lose the ball on a fumble.

However, the scoring opportunity was not to be denied the Falcons as on the first Walworth play, Salem tackle Gary Clausen knocked down a lateral and recovered it in the end zone for a touchdown.

TED SCHMIDT/KRONZ kicked the extra point and Salem led 7-0.

Oddly enough the Falcons led the game in the first down department with 10 to 6 for the Big Foots, making 6 on rushing plays and 4 on passes. But in net yardage gained the Walworth club led 253 yards to 171.

Salem attempted 13 passes, completed 8 and had one intercepted. Their foes tried four passes, completed two and had none intercepted.

POINT TRY WIDE. Here Antioch is trying for the point after touchdown with a placekick after the first Sequoit score of the game at Round Lake on a recent afternoon. The Coral and Gray gridgers had stunned the Panther team, coaches and fans with a first quarter score on a long pass from Dick Wolf to Chip Eberman. The ball can be seen just over white No. 51's right shoulder looking something like a helmet on a player. The kick was wide of the goal posts. No. 22 for Antioch at the right on the ground is Eberman and 63 at extreme right is Jack Thompson. No. 31 for Round Lake is Woody Baumgartner, No. 46 is Bob Clark and No. 51 for the home team is Dick Kay. (Antioch News photo)

## Blood Sample Of Dead Deer Being Sought

Illinois deer hunters are being asked to take blood samples which will be examined for disease and condition studies by the state department of conservation.

Hunters are being asked to take the samples as soon as possible after bringing down the deer in order that the testing will be more effective. Samples will be turned in at county deer check stations.

The testing project is a cooperative effort of the state conservation department and the College of Veterinary Medicine, University of Illinois.

Personnel from the college will examine the samples and also take tissue specimens at a few of the county check stations.

Glass tubes are now being mailed by the department to all hunters who have been issued shotgun permits to hunt deer Oct. 30, 31 and Nov. 1.

Applications are still being accepted for deer hunting permits up to Saturday noon, October 31, according to officials at the deer permit office, Room 104, State Office building, Springfield.

Permits may be bought over the counter at the permit office. Prospective hunters need not send in an official form.

All that is necessary is a letter showing the name and address of the hunter, the first and second choice of counties and the \$5 permit fee.

A split season has been authorized for archers, the first from Oct. 1 to 15, inclusive, and the second from Dec. 1 to 15, inclusive.

The U. S. Weather Bureau 30-day outlook for the period October 16 through November 15 indicates mostly dry and cool weather for Illinois.

## Ingleside German Pointer Wins Champion Honors at Field Trials

MEDINA, Ohio—The 1959 national champion and the winner in the German Shorthaired Pointer Field Trial association American Kennel club licensed field trial here was an Ingleside, Ill., animal.

F. T. C. Oloff Von Der Schlegel, imported in 1953 from Germany by Roy J. Thompson of the Wing 'N' Fin club of Ingleside, was named the champion in the trials held Oct. 23, 24 and 25 near Medina.

The dog was trained for field and obedience by Willy Necker of Necker Kennels at Wheeling, Ill.

It was handled and campaigned by George L. Thompson of Wing 'N' Fin club at Ingleside.

The Ingleside dog defeated the 1958 national champion, Triple Field Champion Faxon's Sheila, owned and handled by Russel M. Dixon of New Haven, Mich., which placed second this year.

Inasmuch as all placement handlers were professional, except the winner, the best amateur handler trophy went to George L. Thompson.

The field trial was run over wonderful grounds and natural cover, but some of the worst weather conditions in the eleven years it has been run, were encountered.

It rained constantly during the

entire trial, putting the dogs, handlers and judges to the supreme test.

Thirty-four qualified dogs taking part came from as far west as the state of Washington and as far east as the state of New York.

## Wilmot Loses To Delavan By 40 to 7

WILMOT, Wis. — Delavan-Darien ranked second in the Southern Lakes conference standings, kept its place last weekend by knocking over Wilmot high 40-7 on the Wilmot field, sending the Panthers lower in the standings.

The Wilmot Panthers now have a record of 1 conference victory, three losses and a tie, compared to 4 wins and one defeat by Delavan-Darien.

Wilmot marched 55 yards in seven plays for its only touchdown, that coming with the visitors ahead 20-0. A 38-yard run by Jim Ratchek sparked the drive that finally saw Greg Bush go over the goal line from the 1.

Gary Held smashed over for the extra point and the scoreboard read 20-7.

Scoring for the Comets were Fred Escher from the Wilmot 3, Vince Catalano after a pass intercepted and 35-yard run, Catalano from the 7 after a 60-yard march, Catalano on a kickoff return for 85 yards, Ron Deschner on a 26-yard run and Ron Green from the 3.

Wilmot made 11 first downs to 14 for the visitors, including 6 from rushing, 4 from passing and 1 on a penalty. Twelve of those by Delavan-Darien were made on the ground and 2 in the air.

Net yards rushing showed 135 for the Panthers and 219 for the Comets, yards passing were 75 for Wilmot and 65 for the visitors, for a total net yardage of 210 for Wilmot and 284 for the Comets.

The home team attempted 17 passes, completed five and had 2 intercepted. Delavan-Darien tried 13 passes, completed three and had none intercepted.

The Comets were penalized 50 yards to 15 for Wilmot.

The two teams fought to a 0-0 tie in a conference game that saw the rain hold off during the contest but come down heavily as fans left the field. (Antioch News photo)

## Duck Hunting Prospects In Area Considered Poor

By Jim Jankowiak

The overall duck hunting prospects are somewhat worse than earlier predictions foresaw.

The reason, of course, is the uncommonly bad weather all across the Mississippi flyway at the present time.

Generally, at this time of the year the ducks are just starting their trip south in a leisurely fashion; but this year, due to the freezing rains and snow in recent days, many ducks are flying right on through.

However, it is expected that when the Illinois season opens on Friday, Oct. 30, at 12 noon, there will be enough ducks and coots on hand to give the hunters a run for their money.

The lakes are still quite high and some potholes that have been dry by this time in other years, are filled with water and harboring ducks.

According to the game laws there is a limit of four ducks, one of which can be a Redhead, Canvasback or Ruddy Duck. Also, one Woodduck may be included in this year's bag.

Coots have been reduced to 4 in a day and 8 in possession. Geese remain at two in the bag and 4 in possession.

Only 2 Canada geese or subspecies may be included in the possession limit.

Mallards, Bluebills and Teal are to be found quite commonly, mainly in the potholes. A few Ruddys have been sighted in Pistakee, but nothing comparing with the flocks seen in previous years.

Snow geese and Canada geese have been sighted for the last two weeks. There have been many flights passing over the Chain O' Lakes, most of them flying high out of gun range.

Small numbers of geese can be found in sloughs and low spots that border grain and corn fields. They seem to be avoiding the big lakes. Consequently, it appears that the jump shooter will have more luck

shooting on opening day than will the pass shooter.

A last reminder to those who will be out there on opening day; get there early enough. Coming just before the season opens will give the waterfowl a chance to settle.

This is especially true on lakes where there is a large concentration. Getting there a couple of hours ahead of time will allow the birds to settle before the shooting begins.

## Bl-State League Thursday, Oct. 22

Adolph's Channel Inn blasted wood for high team series 2713 and swept series from Beauti-Vue. Jim Mueller had a 588 for Adolph's and John Vasta had 570 for the losers.

Rudolph Turkeys swept the series from Roepenack Masonry as Louie Rudolph shot 595 and Bill Olson 581.

John Gaa and Son took a pair from Carter's Taxidermy. Chuck Moran had a 547 for Gaa's.

Ken Kirchmeyer's 597 inspired his team to win a couple from Vos Construction. Kirchmeyer's had high team game of 989.

That was announced at a meeting of the fair directors and department heads at the Wilmot high school building last Thursday.

Fair treasurer Robert Van Liere told the meeting that the county fair wound up with a balance of \$5,743.60 despite a severe rainout of its two major show dates this past summer.

# Does Advertising on TV and Radio Become Tiresome And Repetitious?

By Pearl Kapell

I am revolting.

I don't mean this as a personal description, though it may be quite true.

I mean, I am revolting against the practice of repeating irritating ads on radio and television, until everyone has been able to recite them, word for word, for at least three months.

Some of them are pretty catchy, I'll admit. "Mr. Clean" is at least as good as Fabian (you'll pardon the expression). But not the five hundredth time you hear it.

The ones that are bad to start with certainly don't gain anything by repetition. The scabby kid in the bandage ad was nauseating the first time I heard it and the last time.

I'm waiting with bated breath to meet a woman who greets me with, "Look, I used Dazle, with deep cleansing emulsifier, and now my house is hospital clean."

I suppose there must be people, somewhere, who talk this way—you see them in the ads all the time—but I've never been fortunate enough to meet one.

**IN THE FIRST** place, most of the women I know feel they're doing pretty well if they lick the surface dirt, without trying to float out, emulsify out, or saponify out any deep dirt hidden in the pores.

If it matters to hide way down there, good for it, let's hope it stays hidden.

This might be desirable for a kid's knees, but it won't work. I've tried it, and I've decided there's just one way to get rid of that grimy-kneed look kids acquire by the end of summer, and that's peel 'em like an orange.

And the kids object to this.

My favorite ad of all time, and one of which I never grow tired, is Zsa-Zsa Gabor gurgling about how all her women friends use a certain razor to be delightfully feminine.

In the first place, a woman who looks like Zsa-Zsa doesn't HAVE woman friends. And a razor, it seems to me, is an essentially masculine article.

If most women have to struggle against unwanted hair, it's not a fact they wish to advertise. Even Zsa-Zsa Gabor can't look feminine while using a razor on herself.

**ANOTHER AD** which has always delighted me is the little song advertising a hair dressing.

The first time I heard this I was entranced when I thought I heard lovely voice carol, "Use Blank, you slob, condition your hair."

I looked in the mirror and agreed with the diagnosis, so I went to the store and bought a bottle.

I hadn't used it many times, when I commented to my daughter that it seemed like odd phraseology to use in an ad.

Having sharper ears than mine, she set me straight on the words, so I decided there was no use using the rest of the bottle. Even the advertiser didn't expect it to cure slobbism.

I've heard the song many times since and it still sounds to me as though my version of it is what they're singing.

**I WONDER** if any man would actually marry a girl who crooned, "I love you because you use Stickum hair tonic." I should think he'd be insulted.

I've never met a man who had such a poor opinion of himself that he thought the most lovable thing about him was his hair tonic. Though I've met some of which it was true.

The gelatine "busy-day, busy-day" ad, I think, should have long ago been ruled illegal. I'll wager many a harassed housewife has blown her stack after hearing this one.

Picture a mother of several small children on a rainy day. Everything's gone wrong, the house is a mess, she knows her husband will soon be coming home to supper and she not only hasn't started supper, the kitchen's such a mess she knows it will be at least an hour before she can get it cleaned up enough to really get supper going.

Her nerves are screaming as loud as her children, and she determines to sit down and watch TV a moment and try to pull herself together and get organized.

**AND WHAT** is she confronted with? A woman who looks like she feels, a clock with the hands wheeling remorselessly 'round and 'round, and a chant which makes her feel she is on a whirling treadmill, speed-
